Richass Murloc Social Club

A unique collectible NFT of 10,000 Murlocs,
empowered social Metaverse on Binance Smart Chain

The Story of Murlocs

The murloc, known as a bipedal, amphibious intelligent race residing along coastlines, lakeshores, and riverbanks in Pentos, one of the worlds in Metaverse.

They have to immigrate to this world in 2055 with vast amount of accumulated wealth as wars destroy their homeland.

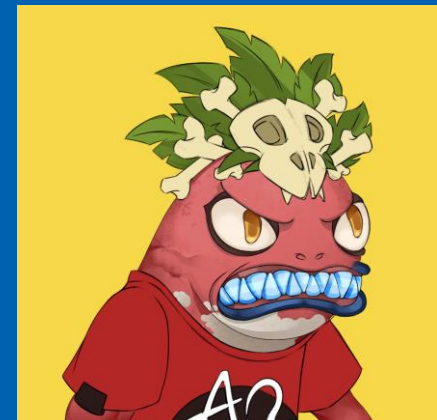

They're eager to know more about this new world so they establish the Richass Murloc Social Club.

They are ready to embrace the new world.

Richass Murloc Social Club

- You're NOT buying an avatar or a piece of art that may worth something but a membership access to the social club, where benefits and offerings will increase over time. Your Murloc works as your digital identity in the social club, located in the metaverse, as well as a new kind of social currency.
- Each Murloc is unique and randomly generated from over **130** possible traits, including clothing, headwear, and more. All Murlocs are chill, but some are rarer than others. Try to find them. The murlocs are stored as **BEP-721** tokens on **Binance Smart Chain** and hosted on **IPFS**.

Richass Murloc Caterry Club

- Murlocs get lonely when they immigrate to Metaverse and that's why every Murloc should have a companion, a cute Kitten. We're offering up a cute Kitten for adoption to every single member of the RMSC for FREE. All you have to pay is gas fee.
- The Kittens we offer are not for sale. The way for the RMSC members to adopt a Kitten is to mint it by having a Murloc in your wallet. Each Murloc you have gives you 1 chance to claim a Kitten. Once you claim your Kitten with your Murloc, that token can't NEVER be used to claim another Kitten again.

Our Wild Imagination

- THE CHATTING LOUNGE
- THE GYM
- THE CHANGING ROOM
- THE WHARF
- THE NURSERY
- THE SWIMMING POOL
- THE FARM

THE CHATTING LOUNGE

- Chatting lounge is a place where you can share your ideas with other Murlocs. Currently, Murloc holders have exclusive roles in our Discord server, including Early Murloc, Murloc and Richass Diamond Murloc Club. We will set up a channel for Murloc only. Meet your Murloc buddy from all around the world.
- In the future, our members will be able to log in the metaverse with their Murloc NFTs. Hanging out with your Murloc buddies in the metaverse!

THE CHANGING ROOM

- Changing room is a place for Kittens to show off their fancy clothes.
- Dress up your Kitten with costumes and ornaments in your style and make your Kitten unique and shining among all others.
- The accessories for Kitten, including costume, ornament and background is a NFT, stored on Binance Smart Chain and hosted on IPFS.
- More accessories for your Kittens will be released in Blind Boxes as a collection.
- Changing room will be released in the end of November

THE GYM

- The gym is a place for our Murloc members to fight against each other and working out to improve themselves.
- We plan to make it a PVP game. Any of our Murloc members could participate in with their Murloc NFT.
- More details will be released in the future.

THE WHARF

- Who does not like a yacht? In the wharf, our Murloc members is able to dock their yachts. Maybe bring your Kitten with you?
- The yacht may be launched as a unique collection. We will release more details about it.

THE FARM

- Tired of endless fighting? Prefer to stay alone? No problem, the farm around the club house is the best place for you to relax yourselves.
- Growing grains or just planting trees is your choice. Just try to relax yourself in the farm.

SOCIAL METAVERSE

- Our goal is to create a “Social Metaverse”, featuring instant messaging, games and interactive experiences.
- The Murloc you have will work as the membership that grants you access to it.
- Members can create stuffs in the metaverse like what you do in Minecraft.
- Artists who design their own accessories for Kitten can be listed on our site for sale after voting by the community. They’ll receive all revenue for the sales of their own accessories.

Trivial Matters

- Richass Murloc Cattery Club will have a **5%** royalty fee associated with secondary sales on marketplaces. All proceeds we generate from this fee will be allocated to our Murloc foundation, which will be used for **giveaway** for Kitten holders. After six weeks, we'll remove the **2.5%** fee from marketplace and the royalty will be **2.5%**.
- Please note that we're not able to create any tools to help you identify which Murlocs you purchased on secondary market once adopted a Kitten. So we **STRONGLY** recommend that you should **NOT** purchase any Murlocs on **SECONDARY MARKET** if you plan to adopt an adorable Kitten. RMSC is **NOT** responsible for any loss caused by that. Please mint a Murloc on our website instead.

- 5 addresses will be randomly picked among current holder addresses. Each address only wins once. 5 winners will share \$100 weekly.
- We will randomly pick 6 winners from Murloc 2300 to Murloc 2400. 0.6 BNB will be sent to 4 winners. 2 Murloc NFT or 2 adorable Kittens will send to 2 winners from Murloc Foundation. Addresses will be announced on our Telegram and Discord communities
- Submit your shilling screenshots on Gleam.io. It can be on Telegram, Discord, Twitter, Facebook, Instagram, Reddit or any other platforms that might help to expand our presence. Top 10 entries will win the contest. For more, please check our pinned tweet.
